

Ohio Environmental Protection Agency (EPA) and Canton City Health Department's Air Pollution Control Division will host an informal information session on Wednesday, March 7, 2018 at 6:00 p.m. at the William Hunter Head Start Building, 3015 Mahoning Rd. NE, Canton, Ohio.

The purpose of the meeting is to provide information and respond to area residents' questions about air quality in the vicinity of Republic Steel's Canton operations.

If you have questions about the information session, please contact Ohio EPA Public Involvement Coordinator, Darla Peelle via email at darla.peelle@epa.ohio.gov or by calling (614) 644-2160.
