

Canton City Health District Board of Health

Public Health
Prevent. Promote. Protect.

Mission Statement

Vision

Healthy people in a healthy community.

Mission

The mission of the Canton City Health Department is to prevent the spread of disease, promote health practices, and protect the health and well being of all.

Values

We value leadership that is open, honest, courageous, professional, supportive, and visionary.

We value employees that are compassionate and caring, honest, and dedicated to lifelong learning skills and public service.

We provide services that are respectful, fair, inclusive, empowering, collaborative, and actively engaged in the community.

We are good stewards of the resources entrusted to us and are accountable to the community for our actions.
