Canton City Public Health Board of Health

✓ Mission

Canton City Public Health is committed to preventing disease and promoting and protecting the health and well-being of the Canton community, and beyond, in all our services.

✓ Vision

Canton City Public Health will be the agent of change to promote policy to ensure that all residents can actualize their greatest health potential, by addressing physical, mental, and environmental health.

✓ Values

Collaborative - Working together with the intent of empowering the community to live to their greatest potential

Responsive - Being agile and adaptive

Inclusive - Addressing disparities in an equitable and diverse manner, allowing everyone to feel they belong.

Trust - Being consistently engaged, accountable, transparent, and compassionate in all we do.
