## Attachment C

## Naloxone Record to accompany the Service Entity Protocol for Naloxone Administration

If licensed by the Board of Pharmacy, the Service Entity shall comply with rule 4729-9-22 of the Administrative Code.

If not licensed by the Board of Pharmacy, the Service Entity should maintain the following records: naloxone received by the entity; naloxone administration by entity personnel; and disposal of expired/adulterated naloxone.

Name & Location of Service Entity:

Date & who is making entry	Number of Naloxone Units Received	Number of Naloxone Units Administered	Number of Expired or Adulterated Naloxone Units	Total naloxone units available	Notes (for example, from whom naloxone was received; to whom and by whom naloxone was administered; etc.)

Service entities may use any naloxone record system that meets the requirements. This form is provided as a service of **Canton City Public Health.** Please copy freely for your use.
