## Mobile Foodborne Disease Reporting Agreement

Event:	
Person in Charge:	
Date of Event:	

The Ohio Administrative Code 3717-1-02.1 (The Ohio Uniform Food Safety Code) requires all conditional (new hire) food employees and current food employees to report to the person in charge information about their health as it relates to diseases that are transmissible through food. This information is necessary to prevent the likelihood of foodborne illness transmission.

## **1.** Food stand workers agree not to work with food when presenting with the following symptoms:

- Diarrhea Fever Vomiting Jaundice Sore Throat with Fever
- 2. Food stand workers agree not to work with lesions containing pus, such as a boil or infected wound that is open and draining on the following locations on the body:
  - Hands Arms Wrists Other Body Parts
- 3. Food stand employees agree that they are not currently diagnosed with or under treatment for the following illnesses currently or within the past two weeks:

Campylobacter Cryptosporidium Cyclospora Entamoeba histolytica Giardia Hepatitis A Norovirus Salmonella spp Salmonella Typhi Shiga toxin-producing Escherichia coli (STEC) Shigella Vibrio cholerae Yersinia

## 4. Food stand workers agree to the following:

- A. I have not had a previous illness, diagnosed by a health care provider, within the past three months due to Salmonella Typhi, without having received antibiotic therapy, as determined by a health care provider.
- B. I have not been exposed to, or am the suspected source of, a confirmed disease outbreak, because I consumed food involved in a disease outbreak, or prepared food involved in an outbreak of:
  - > Norovirus within the past 48 hours of the last exposure
  - Shiga toxin-producing Escherichia coli (STEC), or Shigella spp. within the past 3 days of the last exposure
  - Salmonella Typhi within the past 14 days of the last exposure
  - > Hepatitis A virus within the past 30 days of the last exposure
- C. I have not been exposed by attending or working in a setting where there is a confirmed disease outbreak, or living in the same household as, and have knowledge about, an individual who works or attends a setting where there is a confirmed disease outbreak, or living in the same household as, and have knowledge about, an individual diagnosed with an illness caused by:
  - > Norovirus within the past 48 hours of the last exposure
  - Shiga toxin-producing Escherichia coli (STEC), or Shigella spp. within the past 3 days of the last exposure
  - > Salmonella Typhi within the past 14 days of the last exposure
  - ▶ Hepatitis A virus within the past 30 days of the last exposure

## I agree not to work at the food stand if diagnosed with or exhibiting any of the above symptoms and illnesses and report these to the Person in Charge immediately.
